

Media Response

28 February 2025

**Please attribute the following response to Greater Dandenong City Council
Executive Director City Futures, Sanjay Manivasagasivam:**

Our officers have been working with residents from Bassett Street, Dandenong on a proposal to alleviate some of the parking issues they are experiencing.

In the coming weeks we will be consulting with residents from Bassett Street and nearby streets in the Metro 3175 residential community, regarding the installation of timed parking restrictions on one side of these streets.

In accordance with our Municipal Parking Strategy, the changes will only be made if the proposals are supported by a majority of residents responding to the consultation.

The two-hour parking restrictions on the Cheltenham Road Service Lane (on the north side of the road) were installed in April 2024 following a similar consultation process with businesses.

This occurred after they raised concerns regarding large volumes of damaged and unregistered cars associated with a nearby business affecting access and parking availability.

Media Enquiry

26 February 2025

From the Dandenong Journal

Will the council consider placing a 3hr parking restriction on Bassett St from 8am-6pm to help the issue of non-residents parking in the area?

Can you also confirm whether the Cheltenham Road 2hr parking restriction was also put in place for the same issues and when?

The deadline is Thursday 5pm.
