

Media Enquiry

04 March 2025

From The Age

Hi media team,

I hope you're well.

As part of *The Age's* coverage of the upcoming federal election, we are reaching out to all Victorian councils to compile a clear and consistent list of priority funding projects being advocated at the federal level.

To make this process as straightforward as possible, we kindly ask for a simple list of your council's priority projects, including:

- ****Project name****
- ****Brief description**** (one sentence if possible)
- ****Estimated cost**** (if available)

Please reply with this list in the body of the email, rather than as an attachment - that will help us compile all council requests.

I am seeking a list from each council by **this Friday COB (March 7)**.

Thank you for your time, and I look forward to your response.

Kind regards
Rachael
