From Dandenong Journal

I'm trying to investigate a TikTok live video that was posted by someone named Khan who allegedly spoke of violent threats against Pashtuns in Dandenong.

The link is below to the video.

Can the council confirm who this was reported to within Victoria Police and when?

Please attribute the following response to Greater Dandenong City Council Acting Chief Executive Officer, Sanjay Manivasagasivam:

We are aware of this TikTok video. We understand Victoria Police have also received reports about it. Threats of violence are unacceptable in our community and have no place in public discourse.

Anyone who is concerned about community safety should report it to Victoria Police on 131 444 or in an emergency, by calling 000.
