

## Media Response

30 May 2025

### **Attributable to Executive Manager, Strategic Growth and Advocacy, Dr Marjan Hajjari**

Council endorsed an approach which will see us partner with the Department of Home Affairs and other government agencies. Now that the direction has been set, the details must be worked out carefully.

## Media Enquiry

29 May 2025

### **Enquiry from Dandenong Journal**

I'd like to seek clarification regarding the consultation process of the Thomas Street precinct name change.

I understand that there's two parts to this, the intercultural dialogue and the naming process.

In the council reports from the council meeting on page 56 there's a table that outlines the purpose, engagement period (July 2025) among other aspects.

I'd like to clarify if the engagement period is for community consultation or intercultural dialogue?

The proposal has just passed the council on Monday, does Council have any idea when the intercultural dialogue will commence and if there's any number limit to that aspect of the process?
